

Kamerastöd Ethis 6.0.0.0

Grå ruta	Stöd för funktionen saknas i kameran
Blank ruta	Stöd för funktionen finns i kameran, men saknas i Ethis
✓	Stöd för funktionen finns både i kameran och i Ethis

ONVIF Ethis har stöd för video och PTZ via ONVIF. Kentima har inte testat alla världens kameramodeller, men kameror som har stöd för ONVIF Profile S går sannolikt att ansluta till Ethis.

Generic Ethis har även stöd för video via RTSP. Detta innebär att kameror med stöd för RTSP går att ansluta till Ethis genom att välja typen 'Generic' och sedan ange en s k 'URL' för att hämta video från kameran.

Detta betyder att även om man inte hittar en specifik kameramodell i följande lista, så kan kameran sannolikt ändå anslutas till Ethis via ONVIF eller RTSP.
